To all you dogs:

I am looking for the Khmer Rouge. I know that some members of your groups are unemployed and you are making propaganda for the Khmer Rouge to get some money. You are educated. You should not work for the Pol-Pot and Ieng Sary Clique. Under their regime, people suffered, a lot of starvation and executions (3 million.)

My purpose is to kill the Khmer Rouge: Pol Pot, Ieng Sary, Khiew Samphan and their group. I know that a Khmer Rouge group is hiding in New York. I hope I can find them and get rid of them some day.

About five or six months ago you said that the Khmer Rouge had killed thousands of Vietnamese communists (I did not hear that) and that each soldier received only three handfuls of rice. I think that is still better than under your regime. On June 12-13 Khiew Samphan visited the national highway, I wish he had been killed.

I am a Cambodian and a nationalist, but I like to destroy Cambodians like you even though I do not like the Vietnamese. Cambodians living inside the country do not like the Vietnamese, but they think they are better off than under your group who always killed innocent people. Ieng Sary said that he killed only those who were against his regime. I do not think anybody was against your regime; they just wished to live.

You must be careful, I always follow you.

Ieng Sary:

You are one of the leaders under Pol-Pot, your brother-in-law. In reality you are the most powerful one, because whatever your wife, Khiev-Thirith, says, Pol-Pot will do. Now you say that you do not know that two million Cambodians were killed. You are a coward. The souls of two million Cambodians are waiting to punish you.
